Hand-drawn mockup of a web application interface for "HappyPath".

Header: Three circles on the left, the title "HappyPath" in the center, and a circular icon with a question mark on the right.

Main Content Area: A table with two columns: "ID" and "Quantidade de Parâmetros". The table is currently empty.

Modal Dialog: A dialog box titled "Nova Condição / Resultado Esperado" is open. It contains the following elements:

- A search bar with a magnifying glass icon.
- A text input field labeled "Nome" with the value "Input".
- A dropdown menu labeled "Quantidade de Parâmetros" with the value "5".
- A code editor labeled "Função" with a circular icon, containing the following Java code:

```
public void login(String role) {
    Login_Page login = new Login_Page();
    login.setUserNome(propreadPropertiesFile(role + "_user"));
    login.setUserPassword(propreadPropertiesFile(role + "_pass"));
    login.setGFXCheckBox(true);
}
```
- An "Adicionar" button at the bottom right.

Footer: A pagination bar with numbers 1 through 9, and arrows for navigation.

Hand-drawn wireframe of a web application interface for "HappyPath".

The interface includes a top navigation bar with the title "HappyPath", a search bar, and a user profile icon.

A central modal window titled "Ações" (Actions) is open, showing a form to add a new action. The form has the following fields:

- Nome** (Name): A text input field.
- Quantidade de Parâmetros** (Number of Parameters): A numeric input field with a value of 5 and up/down arrows.
- Função** (Function): A text area containing a code snippet for a login function.

The code snippet in the "Função" field is:

```
public void login(String role) {
    Login_Page login = new Login_Page();
    login.setUserNome(propreadPropertiesFile(role + "_user"));
    login.setUserPassword(propreadPropertiesFile(role + "_pass"));
    login.set(DPR.checkbox(true));
}
```

A "Adicionar" (Add) button is located at the bottom right of the modal.

In the background, there are two tables:

- A table with columns "ID" and "Nome" (partially visible).
- A table with columns "Nome" and "Quantidade de Parâmetros".

A pagination bar is visible at the bottom of the page.
